

Building a better walleye fishery in Lake Minnetonka & MN's largest metro lakes.

Donor Community,

We are requesting product donations for our 6th annual Westonka Walleye Program fundraising banquet. The event is scheduled for April 25th, 2019 at the Gillespie Center located in Mound MN.

In the first 6 years, the Westonka Walleye Program has raised over \$172,500 from private donations, and stocked approximately 97,000 8"-13" walleye in Lake Minnetonka.

These fish are in addition to the DNR's stockings, and we are exceeding the DNR in pounds of walleye stocked in MN's largest metro lake. As our program grows, we are considering stocking other lakes within our community.

The April fundraising banquets have been hugely successful, and over 550 people have attended each year. Our 2019 banquet will be a great opportunity to promote your company's new products while aiding in our efforts.

We would like to receive donations at your earliest convenience. Please ship donations to: 2039 Arbor Lane, Mound, MN 55364, or contact us for a pick up at 612-803-0010 or Johnny@472Fish.org.

For more information please go to www.472fish.org, or like Westonka Walleye Program on Facebook.

Westonka Walleye Program is recognised by the IRS as a 501c3 public charity, and all donations qualify for the maximum tax deduction!
